About one month ago my child which is fifteen months old, had an attack of diarrhoea accompanied

by vomiting. I gave it such remedies as are usually given in such cases, but as nothing gave relief, we sent for a physician and it was under his care for a week. At this time the child had been sick for about ten days and was having about twenty five operations of the bowels every twelve hours, and we were convinced that unless it soon obtained relief it would not live. Chamberlaiu's Colic, Cholera and Diarrhoea Remedy was recommended, and I decided to try it. 1 soon noticed a change for the bet-ter; by its continued use a complete cure was brought about and it is now perfectly healthy.—C. For more than fifty years has PERRY DAVIS PAIN KILLER stood the test against all remedies prepared to eradicate pain, and today stands at the head of the list among the medicines that are so essential to keep at hand in

the home. It is not a new fangle remedy nor do the proprietors lay claim to any wonderful revelation of the ingredients that enter into the manufacture of

this ever popular remedy. It is p rfectly harmless, you need have no fear of becoming

habitually inclined to its use. For Colic, Cramps, Dysentery, Colds, and all painful affections, a few doses will certainly give relief. You cannot afford to be without a bottle

in the house. Your forefathers used it

and found it beneficial. Why experiment with some remedy that is new and its effect on the system unknown?

It has many rivals but no equal. The new 35c. size contains over double the quantity
